Al-Muthana Al-Ghuraid

almuthana.alghuraid@gmail.com | +966 508 707 029 | Riyadh, Saudi Arabia

SUMMARY

Computer science graduate with hands-on experience in cloud engineering and full-stack web development. Certified in project and risk management (PMP & RMP), with practical exposure to Microsoft Azure, DevOps pipelines, and backend development in Python. Looking for a role where I can put my technical background to work building reliable, scalable software.

EDUCATION

Bachelor of Computer Science *10/2019 – 10/2024*

Jubail Industrial College — Jubail Industrial City

Core courses: Artificial Intelligence, Human-Computer Interaction (HCI), Operating Systems, Cloud Computing, Software Engineering, Computer and Network Security, Web Engineering

Cloud Engineering Bootcamp *02/2025 – 05/2025*

WeCloudData Institute — Online

Hands-on training in deploying and managing cloud infrastructure on Microsoft Azure, covering Infrastructure as Code (Terraform), CI/CD pipelines, containerization with Docker, serverless computing, and cloud security. Built a retrieval-augmented chatbot as the capstone project.

EXPERIENCE

IT Support Trainee *06/2024 – 10/2024*

Cooperheat — Jubail Industrial City

- Helped troubleshoot hardware and software issues for staff
- Got hands-on exposure to the company's network infrastructure and internal systems

CERTIFICATIONS

- Project Management Professional (PMP) — PMI, 18 Feb 2026
- Risk Management Professional (RMP) — PMI, 17 May 2026
- Cloud Engineer Bootcamp (500 hours) — WeCloudData
- Software Development Engineer Bootcamp (280 hours) — WeCloudData
- Advanced Bioinformatics Training Program (120 hours) — KAUST Academy
- Web Development Using Django Framework (60 hours) — Tuwaiq Academy

PROJECTS

RAG-Powered Chatbot *02/2025 – 05/2025*

WeCloudData — Azure Cloud

- Built a chatbot using retrieval-augmented generation (RAG) to answer questions from a document set
- Deployed the backend with FastAPI and Streamlit, and containerized the infrastructure on Azure with Terraform
- Connected it to Azure Blob Storage, Cosmos DB, PostgreSQL, and GitHub Actions for the pipeline

E-Commerce Website *08/2024 – 09/2024*

Tuwaiq Academy

- Built a full e-commerce platform with Django, including separate user and admin logins
- Let admins add products, apply discounts, and control which items are visible
- Added a searchable product catalog, category browsing, and a working shopping cart

SKILLS

Technical: Python, JavaScript, R, Django, FastAPI, Streamlit, Bootstrap, CI/CD pipelines, Docker, Scrum

Cloud & DevOps: Microsoft Azure, Terraform, Azure Blob Storage, Cosmos DB, PostgreSQL, GitHub Actions

Soft Skills: Teamwork, clear communication, adaptability, time management, attention to detail

LANGUAGES

English — Proficient (IELTS: 6.5, STEP: 93)

Arabic — Native
